

# YOU CAN ENGINEER IT

Half day workshops aimed at girls aged 4-12 to introduce them to the world of engineering

Lunch included from 11.30am to 12.30pm for all event attendees

## Competition!

Design a robot that could help you or someone else in their everyday life. Make a drawing/diagram or model and bring it along to the event, so our judges can decide the winners! Labels might be useful to help explain your design.
